

Supporting Orphans & Vulnerable Children

Where?

What we do...

The Bridge of Hope School, Rehoboth, Namibia began as a humble and basic after school club funded by one lady (Milly) and her husband. It is now a full and vibrant centre including a breakfast club, baby nursery, preschool, Grade 1 classes, an after school club and a soup kitchen. We saw a need and now we watch it grow!

Hope for Rehoboth give the project vital support in ensuring that orphans and vulnerable children can attend school. Many children in Rehoboth live in extreme poverty and an all too familiar scene is that of small children unattended on the streets with bare feet, playing in rubbish and broken glass. Bridge of Hope runs wrap around care before and after school to give the children a safe place to be.

Hope for Rehoboth send donations to the school on a bi-monthly basis to enable the school to run. We resource and equip the school, pay for food, toiletries and any other specific needs. We also finance a regular soup kitchen to reach out to the local community. If you would like to become a regular supporter or hold a fundraising event please get in touch.
